NOTE: If you selected Package A or B, you DO NOT need to buy tickets to this tour.
 Please fill out the "Quantity" field to make your selection.

IDAHO HISTORY MUSEUM \$8 _____
 (participants short carpool to Museum; parking adjacent to building)

The Idaho State Museum provides an interactive experience to people exploring the story of Idaho. The Museum looks at how Idaho's unique landscapes have shaped - and continue to shape - our Idaho experience. The Museum shows how the profound relationship between Idaho's people and its land have always defined what it means to live here. Through exhibitions, artifacts, and educational programming, the Museum helps Idahoans and visitors understand Idaho history. It is a beautiful museum and a treasure to visit. Spend some time learning more about the great state of Idaho.

SOIL HEALTH ALL-IN-ONE AT MCINTYRE PASTURES \$5 _____
 (bus transport from hotel provided)

Canyon SCD Director Brad McIntyre will host this one-of-a-kind tour where participants will visit McIntyre Pastures, a 114-year multi-generational family farming operation established in 1909. McIntyre Pastures utilizes all NRCS soil health management principles to raise seeds, hay, chicken, beef, turkeys, ducks, and pigs all on pasture. They raise and process all their own feed and they sell their product through direct sale. They use multi-species cover crop and no-till farming to build their soil health and they have become one of the best "model farms" for soil health in the USA. Come see their mobile chicken laying coops, pastures, pasture rotations, and a visit to their newly constructed meat store. This family is a leader in climate smart agriculture using cover crops, bio-char, compost, biologicals, no-till, multi-species grazing and drones for aerial application. Don't miss this amazing and unique farm!

IDAHO'S BOOMING WINE & AGRICULTURE ALCOHOL INDUSTRY \$18 _____
 (bus transport from hotel provided)

The Sunny Slope region in southwestern Idaho is one of the fastest-growing wine regions in the United States. The unique volcanic and alluvial soils of the Sunny Slope District combine with Idaho's high-altitude, arid climate of sunny days and cool nights to produce wine grapes with ripe flavors and balanced natural acidity. Participants will visit Koenig Winery in Idaho's wine breadbasket for an exclusive tour and wine tasting experience from owner, farmer, and winemaker James Nederend. James will discuss how the large gravel and sandy loam characteristics of the area allow Koenig to produce big, bold reds - a hallmark of Koenig Vineyards. Koenig's Estate Vineyard is also responsible for some of Idaho's most popular wines, including a Cabernet Sauvignon-Syrah Blend, CSPV Blend, and Reserve Estate Blend. After the winery stop, participants will continue on to neighboring Koenig Distillery for an exclusive tour by owner, farmer, and distiller Andy Koenig. Andy and wife Jill produce an extensive and carefully curated collection of brandy's, vodkas, whiskies, and bourbons. Their location and beautiful facilities will leave an impression!

SUBTOTAL \$ _____
LATE FEE (AFTER 10/31/23) \$ 25.00
